

## Flag Flight

Each Graduation week a squadron is chosen to carry the state and territorial flags for the Graduation Parade on Friday. Squadrons are chosen on a rotating basis and being asked to carry the flags is considered a huge honor.

The squadrons carrying the flags will have a process similar to Band Flights on Friday. You will not be able to tap out your Airman if they are carrying the flags. The flight will exit the field to store the flags after the Graduation Parade ceremony ends and you will meet them in the storage or staging area. Once the flags are stored you will be able to hug your Airman.
