

Your Airman in the News

Will my Airman be published in my hometown news paper?

Hometown News Release is completed by trainees in their [6th week of training](#). They are sent to the newspaper each trainee specifies; however, some trainees choose not to participate.

**** NOTE **** It is not mandatory. Questions regarding Home Town News releases, please contact Lackland Public Affairs at 210-671-2908.

I believe they keep the notices up for 60 days so once yours is available print it out. Also, you typically can order additional copies of your local paper so you can send it out to family and friends. :)
