

Traveling to BMT Graduation With Small Children

- [Texas Child Passenger Safety Information](#)
- There is a Walgreens near the Valley Hi Gate if you need baby supplies
- There is a private room in the Bowling Center by Suzie's Kitchen if you need some down time
- There is a nice park off of Kenley & Luke by the Gateway Villa
- There are no designated areas for breast-feeding, so plan accordingly.
- If you need a bottle warmed, ask at the Pfingston Reception Center if they will heat it for you in their microwave
- There are bathrooms located in the Pfingston Reception Center for your convenience
- Bring a small hand-held fan with mister during warmer months
- Bring a blanket! It will be needed in cooler months and can be used for a 'picnic' during warmer months while waiting for ceremonies to begin
- Bring plenty of snacks and fluids, especially in warmer months
- Bring small hand-held games and toys that will keep your little one occupied
- Strollers must be folded and stored under the bleachers
- Bring a small flag for your little one to wave for their Airman
- Please be respectful of those around you! We all know that little ones can get irritable and restless, but if it gets to the extreme, maybe spread out a blanket behind the bleachers and have some snacks or a little game of peek-a-boo!
